Expression of concern for 'Structural, morphological, electrical, and dielectric properties of  $Na_2Cu_5(Si_2O_7)_2$  for ASSIBs' by Mohamed Ben Bechir et al., RSC Adv., 2024, 14, 9228–9242, https://doi.org/10.1039/D4RA01454E.

RSC Advances is publishing this expression of concern in order to alert readers about concerns that have been raised regarding the BVS analysis and the NPD measurement. An expression of concern will continue to be associated with the article until a conclusive outcome is reached.
