## Correction: Recent developments in hydrogels containing copper and palladium for the catalytic reduction/degradation of organic pollutants

Jaber Dadashi,<sup>a</sup> Mohammad Ali Ghasemzadeh<sup>\*b</sup> and Masoud Salavati-Niasari<sup>c</sup>

Correction for 'Recent developments in hydrogels containing copper and palladium for the catalytic reduction/degradation of organic pollutants' by Jaber Dadashi *et al.*, *RSC Adv.*, 2022, 12, 23481–23502, <https://doi.org/10.1039/d2ra03418b>.

The authors regret an error in Scheme 14 and in the caption for Fig. 6.

The incorrect image was inserted previously, and Scheme 14 should have been:

Scheme 14 Reduction of 4-NP in the presence of 3D Pd–CNT–GH.

In addition, the caption for Fig. 6 should have cited ref. 118. The caption for Fig. 6 should have read:

**Fig. 6** Preparation and catalytic application of PEI–Ag/PEI–Pd composites and PEI hydrogel. This figure has been reproduced from ref. 118 with permission from the ACS. CC-BY license.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
