Correction for 'Novel strategies for catalytic asymmetric synthesis of C1-chiral 1,2,3,4-tetrahydroisoquinolines and 3,4-dihydropyridopyridines' by Wangsheng Liu *et al.*, *Org. Chem. Front.*, 2015, DOI: 10.1039/c4qo00294f.

The authors regret an error in the title and abstract with regard to one compound, *i.e.*, “3,4-dihydropyridopyridines” in the title should read “dihydroisoquinolines”. “3,4-dihydroisoquinoline” in the abstract should also read “dihydroisoquinoline”, to avoid causing any confusion to the readers. In addition, on page 9, “THIQ 63” should read “isoquinoline derivative 63”. Finally, “3,4-dihydroisoquinolines” in the Graphical Abstract should read “dihydroisoquinolines”.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
