Researcher mobility grants

Open to early career researchers and PhD students, researcher mobility grants are worth up to **£5,000** and support scientific visits to UK and international organisations.

We've given researchers all over the world the chance to take their work one step further, develop their networks and strengthen collaborations.

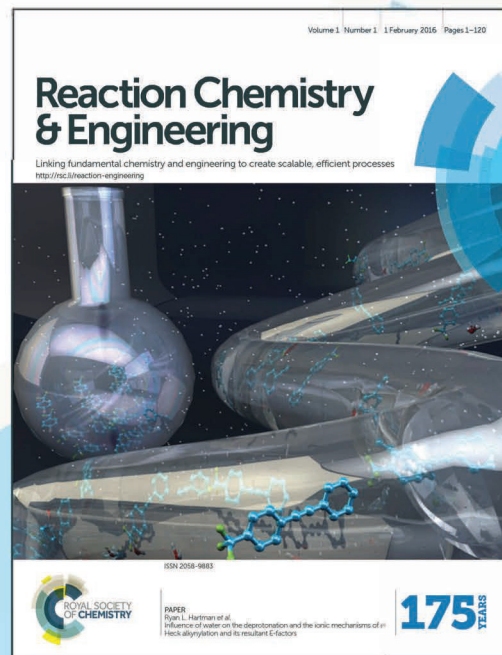

You could be next.

Reaction Chemistry & Engineering

Registered charity number: 207890

Bridging the gap between chemistry and chemical engineering

- Impact Factor **4.641**
- Led by Editorial Board Chair Klavs Jensen, Massachusetts Institute of Technology, USA
- A high impact home for multiscale understanding of reactions, at the interface of chemical engineering and chemistry
- Uniting the communities of chemists and chemical engineers who work to ensure the crucial role of reaction chemistry in today's world
