Correction for 'Effect of nanostructuring on the spin crossover transition in crystalline ultrathin films' by Víctor Rubio-Giménez *et al.*, *Chem. Sci.*, 2019, DOI: 10.1039/c8sc04935a.

The authors regret that the name of one of the beamlines in the acknowledgements section of the original article was incorrectly given as "DEIMOS (BL-28)". The correct name of the beamline is "BOREAS (BL-29)".

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
