Correction for 'Synthesis of a furfural-based DOPO-containing co-curing agent for fire-safe epoxy resins' by Weigi Xie et al., RSC Adv., 2020, **10**, 1956–1965.

The authors regret that an incorrect version of Fig. 8 was included in the original article. This was due to FTIR spectra of the commercial reference sample (DGEBA/DDM, EP-0) being confused with those of other samples. The correct version of Fig. 8 is presented below.

Fig. 8 FTIR spectra of the pyrolysis products of EP-0 and EP-4.0 at (a) the initial and (b) maximum degradation temperatures.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
