Correction: Dynamic response study of Ti_3C_2 -MXene films to shockwave and impact forces

Shreyas Srivatsa,^{*a} Pavithra Belthangadi,^b Shivakarthik Ekambaram,^c Manu Pai,^d Prosenjit Sen,^b Tadeusz Uhl,^{ae} Saurabh Kumar,^{*b} Krzysztof Grabowski^{*ae} and M. M. Nayak^b

Correction for 'Dynamic response study of Ti_3C_2 -MXene films to shockwave and impact forces' by Shreyas Srivatsa *et al.*, *RSC Adv.*, 2020, **10**, 29147–29155, DOI: 10.1039/D0RA04879H.

The authors regret that there was an error in the affiliations of authors Tadeusz Uhl and Krzysztof Grabowski in the original article. The correct list of affiliations is given in this document.

In addition, there was an error in the axis labels for Fig. 8a. The units of the y-axis should read mN rather than N. The correct version of the figure is given here. The results and conclusions presented in the article are unaffected by this change.

Effect of impact force on response time (a)

MXene film sample response (b)

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
