

# Nanoscale Horizons

The home for rapid reports of exceptional significance in nanoscience and nanotechnology  
[rsc.li/nanoscale-horizons](https://rsc.li/nanoscale-horizons)

ISSN 2055-6756

**COMMUNICATION**

Chih-Ching Huang, Huan-Tsung Chang *et al.*  
NIR-activated quercetin-based nanogels embedded with  
CuS nanoclusters for the treatment of drug-resistant  
biofilms and accelerated chronic wound healing
