OF CHEMISTRY

## PAPER

Robin A. Hutchinson, Iván Zapata-González *et al.*

The influence of depropagation on PEGMA<sub>9</sub> solution radical homopolymerization and copolymerization with DEAEMA: *in situ* <sup>1</sup>H-NMR measurements and reactivity ratio estimation by dynamic optimization

# EES Catalysis

GOLD  
OPEN  
ACCESS

## Exceptional research on energy and environmental catalysis

Open to everyone. Impactful for all
