Expression of concern for 'Antibacterial and antibiofilm activities of silver-decorated zinc ferrite nanoparticles synthesized by a gamma irradiation-coupled sol–gel method against some pathogenic bacteria from medical operating room surfaces' by M. I. A. Abdel Maksoud *et al.*, *RSC Adv.*, 2021, **11**, 28361–28374, https://doi.org/10.1039/D1RA04785J.

RSC Advances is publishing this expression of concern in order to alert readers that concerns have been raised regarding the reliability of the SEM/EDX analysis in Fig. 13. An investigation is underway, and an expression of concern will continue to be associated with the article until a final outcome is reached.
