Correction for 'Effects of alcohols as sacrificial reagents on a copper-doped sodium dititanate nanosheets/graphene oxide photocatalyst in CO<sub>2</sub> photoreduction' by Nutkamol Kitjanukit *et al.*, *RSC Adv.*, 2024, 14, 27980–27989, <https://doi.org/10.1039/D4RA04585H>.

The author regrets that the funding information was incorrectly shown in the Acknowledgements section of the original manuscript. The corrected Acknowledgements are as shown below.

Sira thanks the MU Talent Program, Faculty of Engineering, Mahidol University, and the Malaysia-Thai Joint Authority (MTJA) (Research CESS fund) for financial support. Sira is grateful to staff from the Mahidol University Frontier Research Facility (MU-FRF) and the Department of Chemical Engineering Central lab for material characterizations and photoreduction product analysis. Sira credits Graham K. Rogers for his contribution to manuscript editing. Nutkamol acknowledges the 60th Year Supreme Reign of His Majesty King Bhumibol Adulyadej Scholarship and a scholarship from the postgraduate mobility program for financial support. Nutkamol conveys her gratitude to the Research Facility Center for Science and Technology staff at Kobe University for their kind assistance and hospitality during her stay.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
